

Current trends:

- Mission critical to the institution
- Key part of the ecosystem
- “Thought leaders”/consultants
- Create meaningful partnerships
- Increased accessibility
- Customized offerings
- Community of support
- Updated space, technology and staff size
- Outcomes/data

### Learning Outcomes

- Don't just count heads. Rather, ask yourselves "how do we want students to be impacted through interacting with our office?"
- Make sure that your student learning outcomes align with your career center mission and goals.
- Determine how you want to assess outcomes and how you will report them.
